

Personal Statement of Interest for the Position of President Elect, ACFP

It has been my absolute pleasure and privilege being actively associated with the ACFP for the last few years in my capacity as a CPD Advisory committee member, also as Regional Educator for Alberta and as Secretary ACFP. I have a great working relationship with the entire Executive, Board and Staff at the ACFP. I am now hoping to get elected as President Elect of the ACFP so that I can not only continue, but also build on the successes of our previous Presidents.

Many thanks for kindly considering my application.
